

I oppose any weakening of the Indiana Do not Call list. All citizens deserve privacy in their homes. This year I moved to a new residence and hooked up a phone. Within 2DAYS I was receiveing 4-5 unwanted solicitations a night. This went on for weeks and only slowed down when I refused to answer my phone. At times I was getting calls at 9:00 - 10:00 PM!!!! This is ridiculous. I DO NOT WANT phone call solicitations. Americans are bombarded with advertisements almost 24/7 and we should have the right to some peace and quite. Please do not weaken this law.
